Minimum Initial Service Package (MISP) for Reproductive Health

GOAL
Decrease mortality, morbidity & disability in crisis-affected populations (refugees/IDPs or populations hosting them)

Objective 1
Ensure health cluster/sector identifies agency to LEAD implementation of MISP
- RH Officer in place
- Meetings to discuss RH implementation held
- RH Officer reports back to health cluster/sector
- RH kits and supplies available & used

Objective 2
Prevent SEXUAL VIOLENCE & assist survivors
- Protection system in place especially for women & girls
- Medical services & psychosocial support available for survivors
- Community aware of services

Objective 3
Reduce transmission of HIV
- Safe and rational blood transfusion in place
- Standard precautions practiced
- Free condoms available

Objective 4
Prevent excess MATERNAL & NEWBORN morbidity & mortality
- Emergency obstetric and newborn care services available
- 24/7 referral system established
- Clean delivery kits provided to birth attendants and visibly pregnant women
- Community aware of services

Objective 5
Plan for COMPREHENSIVE RH services, integrated into primary health care
- Background data collected
- Sites identified for future delivery of comprehensive RH
- Staff capacity assessed and trainings planned
- RH equipment and supplies ordered
